One Day Leicester Tournament

09 May 2010

Very brief summary of this local mini tournament:

Flyght Club: lost in sudden death 11-10, having come back from 3 points down at half time to level the game up.

Team JR (Jesters plus friends tour team): lost 13-8, matched them very well in 1st half before they ran away with it in the second.

Demons: won 9-6 (?), traded out to start with before pulling away as the game went on

I'll hopefully get the chance to flesh this out into a proper report in the next couple of days.

Thanks to everyone who came and put in a really good shift -- the Flyght Club game in particular was very enjoyable to be a part of!
